rending Effects of Papie. Washington, September 13.—Sen-ator West, of Louisians, received the fol-lowing dispetch to-night from the mayor of Shreveport:

"The people are panic-stricken. All that could have left. The poor are nearly all on our hands. No money in the city treasury. All pecuniary aid will be thankfully received. The fever is increasing."

interest of this cherch is the tombs of interest of this cherch is the tombs of the great men in the vaulta under it. The Grand, Magnificent and Beautiful dispatch just received at the Associated Press office from Commerce, Missouri, Scenery of the Alpine Regions.

Here was shown the tomb of Mirabeau, and at his side, where once lay the body of Marst, who was essessing at the body of Marst, who was essessing the revolutions, his remains were taken from here and thrown into the sewers. She certainly asserted woman's rights in this affair, which the world recognizes as heroic. The two most conspicuous tombs are Voltaire's and Rosseau's. The statue of the former is said to be the best likeness extant of him. I could not realize the distance of their native grandeur; and, as I saw than presenting such a variety of aspectable from the most beautiful lake in Europe, with its belief throughts and holder views. One their native grandeur; and, as I saw them presented to inspire me with location from his tomb. Rousseau's is a square through which a hand and arm is thrust of white marble. The hand holds a representation of a bureing torch—emblem of his genius lighting to the world from his torch.

Here was shown the tomb of Mirabeseu, and at his side, where once lay the body of Marst, who was assessable to do your editorial rooms to this beautiful little city, that your pen might do justile to the most designation of beauty and grandeur, which burst upon my view; upon opening my window and seeing before me the most beautiful lake in Europe, with its hills and mountains surrounding it; the latter rising in all the mispisty of their native grandeur; and, as I saw them presenting such a variety of aspects, it appeared to inspire me with location to be front side is a door, partly open, through which a hand and arm is thrust of white marble. The hand holds a representation of a bureing to reach the world recognized the morbits and holds a representation of a bureing to reach the world recognized the morbits and included the morbits and proposed to the most design the world recognized to the most design the which burst upon my view; upon open cost, two years ago, one hundred and in what effices is not their native grandeur; and, as I saw them present an an include the proposed to inspire through which a pane thrust of white marble. The hand holds a representation of a buruing torch—emblem of his genies lighting the world from his tornb.

Here in these vaults is a very remarkable the scho. The faintest whisper reaches the same and shades hotels, numerous steamers, its fleet of pleasure-boats, all combined, entitles it to all the praise that poets and others have ever bestowed upon it, and merits the appellation of the most beautiful of all the beautiful lakes in Switzerland.
